

# Kenya Safari and Zanzibar Beach Holiday

📍 Kenya

What can I expect from this 10-day trip to Kenya and Zanzibar, which includes a safari in the Masai Mara and beach holiday in Zanzibar

On the **Kenya safari and Zanzibar beach holiday**, we will use the advantages of a 4-day safari in the Masai Mara, with 4 days of beach in the beautiful island of Zanzibar. Additionally, our experience will be beneficial in a project focused on women's education and empowerment, which we will be able to learn about in detail during these days at the Masai Mara. This is a 14-days trip to Kenya and Zanzibar, **that includes a safari in the Masai Mara and a few days in the beautiful island of Zanzibar**. In the Masai Mara, we will be able to discover the African savannah in the best way with the Masai community. They will show us the secrets of the Masai land. And then, before returning home and the daily routine, we will spend 4 days enjoying the beautiful beach life in Zanzibar Island.

**Kenya Safari to Masai Mara.**  
The first 4 days, we will travel the Masai Mara.  
We will be doing one of the most adventures and less touristy safaris in Kenya during the first nights of our 10-day trip to Kenya & Zanzibar. We will be staying at an eco-lodge that is owned by the Masai community. The lodge, which belongs to women and all the animals, is owned by a prominent Masai leader who is also an **official guide to the Masai Mara**.  
**Geographic.**  
Masai and Masai of Masai will take us on safari to show us the Masai Mara where they can live in total contact with the wildlife and reveal the secrets of their land.

Giraffe grazing a family of deer.  
In addition to adventures and a safari that respects local communities and animals, it is a safari with a strong positive impact on the territory because, **all profits from the travelers' stays in the schooling of Masai children in the area, so will go to women's support programs, or to the construction of a high school and tourism school.**

From the first day, we will see the advantages of doing this safari in this area.  
• It is a less touristy area, so there are fewer cars around the animals, less helping, and in short, more tranquility (there are studies that show that animals are fleeing from areas overcrowded by tourists to go to quieter areas like this one).  
• During the safari we will be able to get close to the animals, hearing the tracks of the cars and jumping into the savannah.  
• With our trip, we will help finance the local and by William, which was founded to help the community through tourism. More than 80% of the money from your trip stays in the community.

• You will see the NGOs projects that help the most disadvantaged, such as the women's village, which they accompany after they have been discarded by their own families.  
We will also see the best sanctuaries of the savannah, surrounded by hundreds of animals in the wild. In this area, unlike the national parks, there are no schedules, and we can extend until sunset, and even let it get dark surrounded by animals. We will also go to our Masai guide's homestead just near the Mara River, where we will camp and watch the hippos come out of the river at the end of the day. This type of experience is possible thanks to the work that William and the NGOs do in the area, and thanks to this, they have permission to go to certain places where the operators in traditional accommodation cannot reach.  
But the unique experience does not end here.

During the 10-day trip to Kenya and Zanzibar, we will visit **a sanctuary where two white rhinoceros live** (threatened by poaching which are granted 300 days a year by rangers). We will do a walking safari to see how the war crime in the Masai Mara.  
The Masai Mara's full day safari, which lasts until sunset, is another star activity. On that day, we will have our meal in the Masai land where we have been experiencing, under a tree **in the middle of the Masai Mara**, without any other tourist around.

**Beachtime in the Masai Mara.**  
**Zanzibar Beach Holiday**  
After a long day of nature, wild nature, and Masai culture, **we'll conclude our trip in Zanzibar** for the last four days of our holiday.  
After a safari in Kenya, Zanzibar is the perfect island to spend a few days relaxing. It has great beaches, ideal for walking, for surfing or just reading a book under a tree.  
These days, you will visit Zanzibar on your own, you can do a blue safari, go to see dolphins, and fish on a secret island and see some of the most beautiful coral reefs in the world. This activity, which is not included in the price, can be booked either in person or through us. We can help you to book a Blue Safari in Zanzibar.  
You can also rent a motorcyle and more around the island freely, visit the Jozani Park, where there is an endemic monkey or go to the south and enjoy surfing a lobster in front of the sea.

**Our accommodations for our vacations in Kenya and Zanzibar**  
During the first 5 nights, we will stay inside the Lolian Conservation Area, in safari tents with private bathroom and hot water. It is a comfortable lodging, with solar panels and without the use of plastic. The food will be prepared by Maasai, and we will be able to see the animals in the morning before and after breakfast. We will be able to see the animals in the morning before and after breakfast. We will be able to see the animals in the morning before and after breakfast.

**Accommodation in the Masai Mara**  
Zanzibar, we will be able to choose between one of these cabins, in front of the sea and with a spectacular swimming pool.

**What is the price of this holiday package to Kenya and Zanzibar?**  
The price of the holiday package to Kenya and Zanzibar **is from 62.000 per person (in a group of two people) during low season (from November to June)**. Zanzibar offers a variety of prices, from the most basic with one night to the most economical. In high season (July, August, September) the price is 2.000 euros per person.

Tour Type:  
**continuous**

## Tour Itinerary

### Day 1 : Nairobi - Maasai MAra

We will arrive on our international flight in Nairobi, and our driver will be waiting for us, who will take us to the **Masai Mara**. On the way we will cross the Rift Valley, a spectacular area of Kenya, and one of the most famous geological regions on the planet. We will be able to admire it from a viewpoint, where we will stop on our way. If we leave Nairobi early, we will arrive at our accommodation in time for lunch, and then we can head out for our **first afternoon game drive**. We will be in the Lemek Conservancy Area.

### Day 2 : White Rhino Sanctuary

Today in the morning we will go on safari to a **White Rhino Sanctuary**, a place where they are protected, as they are in **danger of extinction**. We will enter an area that is highly protected by several rangers and we will be able to see one of the most spectacular animals in the world up close: the White Rhino.

In the afternoon we will take the opportunity to see the **NGO's projects** in the middle of the Maasai Mara, such as the school and the Maasai women's village.

### Day 3 : Full day Safari in Masai Mara

Today will be one of the highlights of the trip, as we will go on an **all-day safari** in the Maasai Mara, including **lunch in the middle of the savannah**, in one of the most beautiful places you will have ever been. We will spend the whole day searching for **lions, elephants, cheetahs, buffalo** and all kinds of animals. Our Maasai guides will do their utmost to make sure we get to see as many animals as possible up close, and we will see how they love nature and enjoy it immensely, while accompanying us.

## Day 4 : Walking Safari and Maasai Mass

Today is an intense day. We will go on safari, and we will go to the **Mara River area**. This place is managed by the Maasai community, and it is not possible to do this activity without them. We will go towards the evening to watch the hippos come out of the river for lunch, when the heat starts to drop. There we will enjoy a unique evening, in the middle of the savannah and next to the river, where they will cook us a delicious dinner. At night, we will camp, with the comfort of a good

mattress, blankets, pillow, etc. and we will be able to enjoy this unparalleled luxury: nature in its purest state. This day will remain forever in our memory.

## Day 5 : Walking safari

In the morning, we will get up in the Mara. We will walk (walking safari) through the area, and we will go back on safari, to rest at our accommodation in the afternoon. Also this afternoon we will be able to be with the boys and girls of the school when the classes are over. We will take the opportunity to rest from the previous day.

## Day 6 : We leave the masai mara towards Zanzibar

Today it's time for a good breakfast, and a way back to Nairobi to catch our plane to paradise: Zanzibar. Depending on our departure time, if we have time, before leaving for Nairobi we can go on an early morning walking safari with our guide and Maasai warrior. It is not usual to go on a safari on foot, and this is impossible to do in other areas. Here, with the Maasai, we can do it. We will later start the

journey back to Nairobi from our accommodation in the Mara, with our driver, who will drop us off at the airport. This journey can also be done by plane, much faster, to see what the savannah looks like from the air. This option has an increase in cost, you can consult us if you so wish.

\*Before our journey back to Nairobi, if our stay in the Masai Mara area coincides with a Sunday, we can go to the nearest village, Aitong, where we will learn how Christianity and the ancestral Maasai religion merge: we will witness a mass massai \*.

## Day 7 to 10 : Zanzibar Island

By taking our plane to Zanzibar, our days of leisure, rest, and beach travel begin. It's the end point of our 10-day Kenya and beach holiday. Zanzibar, where its capital Stone Town is a UNESCO World Heritage Site, will delight us with its landscapes, its peaceful pace of life, and its people. It seems that no time has passed. These days, for free, we can stay in a beautiful eco-lodge in front of the beach. We can go snorkeling, on a blue safari, where we can see dolphins and eat on a "secret" island. Definitely a great way to end our trip to Kenya.

On the last day, after spending 4 nights there, we will leave to take our international flight home.
